

# LEADERS OF ALL POLITICAL PARTIES CLAIM VICTORY

## DEMOCRATS PREDICT LANDSLIDE IN STATE

### Republicans Forecast Success for All of Their Candidates in Utah.

representatives in it than there were at the previous session.

In Salt Lake county there has been a rather spirited contest between the Democratic and the Republican forces, with the fight particularly centered about the office of sheriff. The Democratic county committee, however, last night announced its confidence in a sweeping victory for the ticket of that party in Salt Lake county with John S. Cadess, the Democratic candidate for sheriff, leading the ticket.

The Republican leaders, on the other hand, maintain the same air of confidence in the outcome of the voting tomorrow. They declare that, despite the handicap, it may be termed such, of the national and war influence upon voters, the Republicans of Utah, who became divided among themselves and wandered into strange camps at the last election, have seen the light, have returned to the Republican camp and will present a solid and united front at the polls tomorrow.

The state Republican committee in its campaign in behalf of William Spry and W. H. Watts, for congress, has done strenuous work and has assailed in every way the work and records of the present Democratic congressmen. A slogan of the committee has been that Davis and Welling left their work in Washington to "go junketing" to France and that the Republican senate was the only Utah representative to remain steadfastly in Washington on his job all the time.

### ASSERT REPUBLICANS ALWAYS WAR PARTY.

The Republican committee claims that the people of the state are awakening to a realization that the Republican party is the war party and that it is giving support to the win the war policies. The committee declares that this realization means the election of Republican congressmen from Utah and that it is going to mean victory for the Republican ticket down the line.

The Republican county chairman for Salt Lake county claims that the party ticket in this county will make a clean sweep. Charles M. Morris, the county chairman, says that reports to Republican headquarters from every section of the county indicate the election of a winning ticket in this county.

The Democratic leaders are pointing to the fact that Utah Demo-

## Say Utahns Will Vote to Support Nation's Chieftain

By WILLIAM R. WALLACE,  
Democratic State Chairman.

IN my opinion President Wilson is stronger in this state than he was two years ago. At least 25,000 of our citizens are out of the state in the army and engaged in war work. The vote, therefore, will be less than that of two years ago, but the Democratic plurality will probably be proportionately larger. There are many Republicans like the late ambassador to the court of St. James, the Hon. Joseph H. Choate, who said in nearly his last public utterance at the time of the visit of Joffre and Balfour to the United States:

"I am one of those who complained of watchful waiting. I have criticized the president on account of his refusal to become embroiled with Mexico. I have been impatient because he held aloof from the present war in Europe until convinced that the hour was ripe and his people ready to enter it. But time has changed my viewpoint and closer acquaintance with the facts of which he was cognizant has convinced me of his wisdom. To have followed any other course would have suited our enemies and endangered our future."

Thousands of independent Republicans are of the same opinion and will vote to support the president.

By C. C. RICHARDS,  
Democratic County Chairman.

THE campaign has closed. The voters are ready to cast their ballots and, unless all signs fail, the entire Democratic ticket will be elected by one of the largest majorities ever received by any political party in the state. The people are thoroughly aroused to the importance of sustaining the president and by their votes tomorrow will not only approve of his masterly leadership, but will advise him that he has the love, the confidence and admiration of his countrymen.

Democratic representatives in congress went to the front to learn first-hand information of the needs of American soldiers that they might be in the better position to act intelligently in congress to back up and aid these soldiers in winning the war. The Democrats claim that the attack made upon the Demo-

## METHODS OF CASTING BALLOTS EXPLAINED

If you want to vote a straight Democratic ticket, that is, for every Democratic candidate, put a cross in the circle under the roster in column 1 of your ballot.

If you want to vote a straight Republican ticket, that is, for every Republican candidate, put a cross in the circle under the eagle in column 2 of your ballot.

If you want to vote a straight Socialist ticket, that is, for each of the Socialist candidates, put a cross in the circle under the emblem of the globe in column 3 of your ballot.

If you want to vote a "scratched" ticket, put a cross in the square opposite the name of EVERY MAN YOU WANT TO VOTE FOR.

If you want to vote for someone whose name is not on the official ballot, write the name and put a cross after it in the proper office designation in column 4 of the official ballot.

In voting a "scratched" ticket for members of the state legislature you can put a cross opposite ANY TEN names for members of the house and opposite ANY FOUR for members of the state senate.

In voting for members of the supreme court remember there are three to be chosen, each, however, for a different term of office, there being one each to be elected for ten years, for eight years and for six years. YOU CAN VOTE ONLY ONE NAME FOR EACH OF THE THREE TERMS. YOU CANNOT VOTE FOR ANY THREE MEN. That is, for the ten-year term you have a choice of three men on the ballot, namely, Thurman, Cherry and Parsons. For the eight-year term you have a choice of two men, either Gideon or Bowen. For the six-year term you have a choice of two men, either Weber or Frick.

For justices of the peace you can vote for any two candidates.

For constables of Salt Lake precinct you can vote for any two candidates.

For every other congressional, judicial and county office you can vote for but one candidate.

After you have completed your ballot, take up the question of voting on the amendments. These are designated at the bottom of your official ballot under numbers designated as "Question 1," "Question 2" and "Question 3." An explanation of each question is given on the ballot. If you are in favor of all of the amendments, place a cross in EACH OF THE SQUARES MARKED "YES." If you are against all the amendments, place a cross in EACH OF THE SQUARES MARKED "NO." If you want to vote in favor of one or two of the amendments and against another, PLACE YOUR CROSS IN THE SQUARE UNDER EACH QUESTION WHICH EXPRESSES YOUR WISH.

REMEMBER, YOUR VOTE ON CANDIDATES HAS NOTHING WHATEVER TO DO WITH YOUR VOTE ON AMENDMENTS, AND VICE VERSA.

eratic congressmen from this standpoint is but a boomerang that will return upon the attackers.

This has been an unusual political campaign in Utah, and for that matter, everywhere else. It is the first time, perhaps, in the history of the state that there has been a meetingless, speechless

## G. O. P. Chairmen Predict Sweeping Victory at Polls

By W. D. CANDLAND,  
Chairman Republican State Committee.

UTAH is normally a Republican state. She has been swept on her feet occasionally by some deceptive slogan such as "He kept us out of war," but when the Republican party has been torn by factional strife and differences. This year, however, the Republicans are united. There are no factions.

A splendid state ticket for justices of the supreme court has been nominated. Two strong men of towering ability have been selected as congressmen; good, capable men have been nominated in the various counties for county officers and for the legislature.

Reports received from every county in the state indicate that the Republicans are alert, alive to the importance of the occasion and determined to resent at the polls the attempted dictation by Democrats as to how they shall vote. We expect to elect our nominees for justices of the supreme court, both our congressmen, a majority of the legislature and the county ticket in most of the counties of the state.

By CHARLES M. MORRIS,  
Republican County Chairman.

EVERYTHING points to a very heavy Republican vote and the old-time former Republican victory. Reports from all parts of Salt Lake county indicate the election of the entire Republican ticket. This year the Republicans of Salt Lake county will be found voting their own ticket. It is apparent that the former Progressives also will support the Republican ticket.

The farmers and workmen as well as the business and professional men of Salt Lake county fully sense the importance of a Republican congress during the reconstruction period, so that since peace has become practically assured the attention of people has been directed to the necessity of a protective tariff,

and "stumpless" campaign conducted. But it had to be. The influenza epidemic played an important part in politics this year, at least from the standpoint of campaigning. In addition the corrupt practices act passed by the last legislature played a decided damper upon political activities. The result has been that from this combination of influences the present campaign has had to be conducted "through the newspapers" in an advertising way. For an advertising political campaign, it has been a splendid one, one of the most spirited in some time. What the speakers and candidates have not had opportunity to say to audiences by word of mouth, which is the usual medium, they have said to them through the columns of the advertising sections of the newspapers, through the media of big posters and other advertisements.

This method of campaigning has apparently aroused considerable interest in politics, at least among the politicians, but just what the general public thinks of the campaign and the relative merits of the candidates of the two parties will be known when the votes cast tomorrow are counted.

## SOLONS LEAVE TO CAST VOTES

Congress Will Hold Only  
Perfunctory Sessions  
This Week.

WASHINGTON, Nov. 3.—Congress will hold only perfunctory sessions this week, nearly all members having gone home for Tuesday's elections, which are to determine the political complexion of both house and senate.

The senate will reconvene tomorrow, with Democrats and Republicans still at odds over post-war and with absence of

**W**E HAVE been given the opportunity to serve mankind as we once served ourselves in the great day of our Declaration of Independence, by taking up arms against a tyranny that threatened to master and debase men everywhere, and joining with other free peoples in demanding for all the nations of the world what we then demanded and obtained for ourselves. In this day of the revelation of our duty not only to defend our own rights as a nation, but to defend also the rights of free men throughout the world, there has been vouchsafed us in full and inspiring measure the resolution and spirit of united action.

We have been brought to one mind and purpose. A new vigor of common counsel and common action has been revealed in us. We should especially thank God that in such circumstances in the midst of the greatest enterprise the spirits of men have ever entered

upon we have, if we but observe a reliable and practical economy, abundance with which to supply needs of those associated with us as well as our own. New light shines about us. The great duties of a new day awaken a new and greater national spirit in us. We shall never again be divided or wonder what stuff we are made of.

And while we render thanks for these things, let us pray Almighty God that in all humbleness of spirit we may look always to Him for guidance; that we may be kept constant in the spirit and purpose of service; that by His grace our minds may be directed and our hands strengthened; and that in His good time liberty and security and peace and the comradeship of a common justice may be vouchsafed all the nations of the earth.

*Woodrow Wilson*
